Craigie Told To Lodge A New Protest

LONDON, Aug. 2 (Reuter)— In the House of Commons to-day, Mr. Chamberlain announced that Sir Robert Craigie, British Ambassador at Tokyo, had been instructed to enter a further vigorous protest against the "continuance of anti-British agitation in North China.

Answering supplementary questions, the Prime Minister said that he was keeping in the closest touch with the views of the French and United States governments on the question.

No decision has yet been made respecting the four Chinese accused of murder in Tientsin.

POSITION NOW "HAZARDOUS"

LONDON, Aug. 2 (Reuter)— There is at present no indication in London that the Tokyo tinuing anti-British incidents. but it is nevertheless fully recognized that these activities are making the negotiations extremely hazardous.

Sir Robert Craigie has made this point perfectly clear to the Japanese Government. Unless an atmosphere of concord can be established, the success of the negotiations is obviously likely to be impeded.

Wavering Towards Firmness

The Ambassador is understood to have put the British case as tollows:

The Japanese have assumed the responsibility for the maintenance of public order in the areas under their control. The formula which was agreed upon at the Tokyo talks was that the Japanese would accept this responsibility.

TOKYO, Aug. 2 (Reuter)—The "Asahi Shimbun" states to-day that the British delegation is showing few signs of meeting the Japanese demands in connection with the Chinese Government's silver stocks concentrated in Tientsin on the grounds that such action would amount to a disavowal of Chungking, imply recognition of the puppet government, and amount to a unilateral decision on an issue that seriously affects the United States, France, and other countries, as well as Great Britain. With reference to the historical *aspect of the silver question, the Tokyo correspondent of the "Times" states that it is the Japanese contention that the silver has never belonged to the Chinese Government but only to the local government at Peiping. Since the latter was superseded by the Japanese-sponsored Provisional Government, it is claimed that the silver belongs to it, says Reuter.

U.S. Abrogation Of Japan Treaty May Prove Turning Point In War: "America Means Business"-Dr. Chang

LONDON, AUGUST 2 (REUTER)-INTERVIEWED BY REUTER ON ARRIVAL HERE FROM NEW YORK ABOARD THE YANKEE CLIPPER, DR. CHANG PENG-CHUN. Professor of Philosophy and Education. Nankai University, Tientsin, the first Chinese to fly the Atlantic, declared that it was not too much to believe that the United States abrogation of the 1911 Commercial Treaty with Japan, might prove to be the turning point of the war.

Before leaving America, Dr. P. C. Chang had a long conversation with the Secretary of State, Mr. Cordell Hull. President Roosevelt was too busy to see Dr. Chang but sent him a message by Mr. Hull saying, "I am glad you have good news to take with you from America."

Speaking of the abrogation, Dr. Chang told Reuter that at the last moment he was on tenderhooks. "The Senate Foreign Affairs Committee," he said, "was discussing the Vandenberg resolution in favour of abrogation of the Treaty with Japan but there was some opposition and the issue was uncertain. Towards the end of the afternoon it became evident that the majority favoured abrogation. Then Mr. Roosevelt the same evening.

the British Ambassador only knew the next morning."

There was no question, added Dr. Chang, that America meant business by the abrogation. Dr. Chang attributed the abrogation to two main causes.

Firstly, the administration's desire to do the utmost it could, without actually provoking war, to strike a blow for peace and issue a straight warning to the dictators.

Secondly, the administration wished to know the feeling of (Continued on Back Page)

Interport Response Not Strong: Players Too Modest?

Only 19 Names Submitted To Association Thus Far

(By "Jack Hy")

RAIN HAVING WASHED OUT ALL BOWLS LAST SATUR-DAY. I should like to say something this week about the response shown by the various clubs in the Colony to the request made by the Lawn Bowls Association for the names of players who will be willing (if chosen) to go up to Shanghai in the near future in connection with the Interport series. Judging by reports, one cannot say that the response has been overwhelming, as of the 15-old clubs participating in the three divisions of the Bowls League only six have nominated players, and of the 250-odd individuals who disport themselves weekly on the greens only nineteen have submitted their names.

I cannot believe that this is due to a lack of enthusiasm on the part of bowlers who sometimes would go through fire and water for the sake of a game. Rather I think it is a sense of modesty that makes them fight shy of sending in their names to the Association, Of course, there are those who genuinely find it impossible to make the trip on account of business or other reasons. But bowlers who belong to the former category (that is, those who think that they are not good enough for the Interport) have still a chance of being selected for the trip to Shanghai as the Association wants some more names.

Of the matches down for this week-end, the one that will attract the most attention will be the Craigengower - Recreio 'A' tussle at Happy Valley. If ever the champions are to be checked at all in their triumphal march (they are the only club who have won all thier matches to date) it will be this Saturday.

The Craigengower green is reputed to be one of the trickiest in the Colony. But in spite of this advantage, Craigengower will have to be at their very best to catch their opponents napping. The Portuguese have the knack of adapting themselves to strange greens in quick time.

The match between the Civil Service C.C. and the Indian R.C. also at the Valley may prove to be a close affair and though I give the advantage to the Indians I do so with little confidence in my indgment, remembering that a couple of weeks ago "he Civil Servants sprung a surp. ise on Craigengower.

The Kowloon C.C. will entertain the Police whom they should beat comfortably. The Kowloon Docks will meet Recreio 'B' at Hunghom. It will be recalled that these two teams were featured in a tie earlier in the season at King's Park, but at home the Dockers should be able to account for the Portuguese.

SECOND DIVISION

The Second Division fixtures are supposed to have been completed. but due to several postponements on account of rain all the clubs concerned have a couple matches each at least to play off before they can "call it a day." understand that the Second Division programme for Saturday will be as follows: Civil Service v Kowloon, B.G.C., Taikoo v. Craigengower, and H.K. Football Club v. Police, Kowloon Tong have already played off their match against the Kowloon Football C I think all three home teams will

In the Third Division the best match will be the one between the Hongkong Football Club and the Kowloon C.C. at Happy Valley. Though I think the Cricketers will win, the Footballers will give them a close race.

The Kowloon B.G.C. will be at home to the Kowloon F.C. and should win easily. Craigengower will make a trip to Stanley where they will oppose and probably beat the Prison Officers' Club. The Hongkong Electric should win in their match against the Yacht Club at North Point.

Never acted before in her life, but she has all the confidence and selfassurance that many old-timers wish they had."

Was she nervous? "No I wasn't," "said Miss Gilbert "but I was excited, so excited that was at the studio at 6.30 this morning. "I haven't even had anything to eat and here it is noon."

Secret Ambition

Miss Gilbert became a 'cellist' when she was ten years old. She admits that in the back of her head she has had the thought that some day she would like to be an actress. Yet, at no time, did she ever do anything about it or divulge her secret ambition.

Then, suddenly, without any dramatic experience whatever, lucky star descends upon her and she becomes a featured actress under long-term contract overnight. "And, of all things, as a dramatics teacher." said Miss Gilbert.

MUSIC PLAYING & THE LAW

INTERESTING APPEAL

Enactment Vague, Savs Counsel

The submission that the Kuala Lumpur Sanitary Board enactment with regard to the "playing of gramophones or any musical instruments in such a manner as to constitute a nuisance," was vague and therefore could not bind the respondent under it on the ground that no particular reference had been made in the enactment to state how or when playing of gramophones was a nuisance, was made by Mr. A. K. Sen in the Supreme Court before Chief Justice Poyser when he appeared on behalf of a Chinese, Loke Kwi Tong, as respondent to an appeal by the Public Prosecutor against the judgment of the Kuala Lumpur magistrate in June last, when he discharged the respondent arrainged on a charge under the Sanitary Board Enactment.

Mr. A. J. Grattan-Bellew, D.P.P. arguing the appeal, said that the respondent in the magistrates' court had in his statement when formally charged, pleaded guilty at the same time giving the explanation that he had wanted to buy a gramophone at a shop and was trying it out before purchasing it.

'Unfortunately during the course of the proceeding, the magistrate's attention was called to a similar case under the C.P.C. It was rather coincidental too, that the accused in that case should be the present respondent.

Mr. Grattan-Bellew submitted that if the magistrate had not read the case. he would have taken the accused's plea of guilty, in which case, he "would have accordingly passed sentence. Further the accused had pleaded guilty knowing fully well that he had committed an offence.

Mr. Grattan-Bellew asked His Lordship to have the case referred back to the lower court and have the evidence recorded or to consider the plea of guilty by the respondent in court and accordingly pass sentence.

Mr. Sen's Reply

Replying, Mr. Sen submitted that the plea of the respondent in the lower court was not actually a plea of guilty. Further, if the learned magistrate had accepted the man's plea, he would in the first instance have convicted the man and passed sentence. As it was, however, he adjourned the case for some time hefore he finally discharged the

Mr. Sen went on to criticise the wording of the Sanitary Board enactment, submitting that it had been very vague because it did not explain how or in what circumstances, playing a gramophone was a nuisance. He understood that no licence was required for the playing of a gramophone nor was it unlawful to sell gramophones or gramophone records.

Mr. Sen added that he understood there were certain by-laws in certain places which prohibited playing of music after 10 p.m. In the present case, the Banitary Board enactment did not give any particular reference as to what constituted public nuisance.

UNION BREWERS END LEAGUE UNDEFEATED

Trounce Recs. In Last Fixture Of Season

(By "R.O.Y.")

In the only league fixture played over the wet week-end, the Union Brewers trounced Becrejo, running out on the long end of an 11-5 score, to finish their 1989 campaign with ten straight victories in as many outings. Despite the Brewers' handsome winning margin, the Portuguese boys put up an excellent fight for four stanzas, but faded away to be disposed of in 1-2-3 order in each of the last three frames.

RULES ARGUMENT

Another long argument took place about ground rules when Dave Leonard belted a triple bagger to the left field fence and tried to stretch it for the circuit. The relayed throw caught Dave at the plate and the umpire declared him out.

Leonard promptly claimed that as the ball had hit the fence, the ball was dead and no play could be made on him. This claim was correct and the umpire had no choice but to send Leonard safely back to third-I wonder if Dave would have taken the run, if he had made it although, with the ball not in play, he had no right to advance beyond the three bases

that the ground rule allows. The whole play was identical with the one in which Spotty Fereira was incorrectly called out at the plate, but of course Pereira did not appeal! .. Lefty Joe Bowen took alugging honours with double and triple; none of his team-mates connected for more than one of the Beer Barons eight safeties.

Jesse Arculli showed perfect control of the wet ball and held the opposition to six hits and conceded only one pass. Spotty Pereira had considerable difficulty in controlling his benders and was not as

Motorists were slightly more lawabiding last year than in 1937 according to the annual Home Office return of "offences relating to motor vehicles," but it still appears that approximately one driver in nine is in trouble with the police every year.

Cases dealt with by writter warning or by prosecution numbered 488,344; the total of licensed drivers at the end of 1938 was about 4,250,000

On the other hand a very large proportion of the offences, alleged and proved, were in the less-

Quiet and dull conditions were prevalent in to-day's market despite the fact that the London and New York market ruled steady.

It would seem that apprehensions of labour troubles in the American Motorcar Industry assuming larger proportions were responsible for dealers and speculators observing a more cautious attitude. However, fair enquiries for "spot" Rubber by consuming countries were in evidence.

Overnight cable-reports on further business expansion in U.S.A. continue to be satisfactory and pending clarification of the international political situation fair price-improvements may be expected in" due course of time.

NEW YORK COTTON

The market advanced slightly on good buying and covering. Reports of less favourable weather in cotton growing areas were also a market factor.

NEW YORK RUBBER

The market was quiet and featureless, with only a slight drop in prices at the close. There was mild buying by consumers.

CHICAGO WHEAT

Prices moved lower in sympathy, with the Liverpool and Winnipeg markets. . More favourable weather conditions, including sporadic rainfall, and selling assisted the downward trend.

Mr. Bellenger recalled to Sir John Simon that he had quoted these words and the Hongkong statement on an earlier occasion.

Was he to understand that there was no purpose whatever "in quoting this statement and was Sir John Simon aware that since making it the Chinese dollar had depreciated further?

Sir John Simon said that his recollection was that Mr. Bellenger sought information and he referred him to a statement issued by the authorities in China.

Mr. Bellenger persisted. What was the purpose of referring him to that statement, he asked, if Sir John Simon did not take it as substantially correct?

TRADE AND CURRENCY SITUATION IN CHINA

British Export Credits Will Be Granted

LONDON, Aug. 2 (Reuter)—It is taken for granted in informed circles that exports credits will eventually be ceded to China, writes the "Financial News" political correspondent in referring to Mr. Oliver Stanley's statement in the House of Commons.

ARGYLE STREET DUEL

Continued from Page 1

The three defendants, Chan Sang, Lai Yau, and Yau Sang alias trade interests in China. Li Sang, are charged with murder, in ... robbery and possession of arms. It is alleged they are members of a gang of five men who robbed the Wing Cheung Goldsmiths' Shop, in Shanghai Street, of a large quantity of jewellery, on May 30.

AMAH KILLED

.It is alleged also that a woman, and Mrs. Horton defeated Doc. Au-yeung Yi-wan, an amah, was Molthen and Mrs. Soong by 969 killed in the course of the gun duel between the robbers and Detective match. Tang Ka, and the three defendants are charged with murder of the woman.

Mr. Prentis, "in presenting an goldsmiths' shop, Leung Wing, had followed the robbers from the shop through Dundas, Street, Portland Street, Changsha Street, Nathan Road, Soy Street, Sai Yeung Choi Street, and Nelson Road, into Argyle Street.

As he followed them he blew a police whistle and called for aid and, despite being shot at several times, grimly kept to the trail until Detective Tang Ka joined in the chase in Soy Street,

Even then the apprentice kept to the trail of the robbers, and he was a witness to the gun duel and to the alleged murder of the amah.

SHOT THROUGH SIDE

Au-yeung Yi-man was killed as she"stood between No. 62, Argyle Street and the edge of the pavement of Sai Yee Street. She staggered into an adjoining shop, shot through the right side, and died! almost instantaneously.

The detective continued the gun duel even after he had been wounded, being assisted by Fung Kan, lorry-driver, who reloaded his revolver for him.

The three defendants were arrested by a party of police officers, led by Det.-Insp. A. E. Carey and Sergt. Pope, in the vicinity of Homuntin Cemetery. A fourth man, also believed to be one of the robbers, was seen by Mr. J. L. Youngsaye, Assistant Master of the Diocesan Boys' School, on the private road leading up to the school about the hour of the chase. Mr. Youngsaye, believing him to be a fugitive as he heard police whistles blowing, gave chase when the man opened fire at him and succeeded in escaping.
